

## A short guide to the symptoms of the Coronavirus (Covid 19)

This document will help you understand what the symptoms of the Coronavirus are.

Symptoms are things that you feel when you are sick.

Below are the main symptoms of the Coronavirus:

A high temperature or a fever

Finding it hard to breathe

A dry cough

Sometimes people who have Coronavirus show other symptoms too.

The following are symptoms that are less common:

Feeling tired or fatigued

Having aches and pains

A sore throat

A runny nose

Headaches

If you have symptoms you should stay away from other people and phone your GP.
