

Have your say about Housing!

Help us make the changes you want to see!

Inclusion Ireland and

Independent Living Movement Ireland (ILMI) are

coming together in partnership to host **focus groups** about important issues about housing.

We want to hear directly from people and the views we hear will be part of a bigger campaign to impact change in the housing sector.

We want to hear from disabled people and family members about:

- 1) What has been your experience in trying to find **accessible housing** and what changes would you like to see?
- 2) What has been your experience in relation to getting **affordable housing** and what changes would you like to see?
- 3) What are the **housing and support** services you need to live independently in the community and what has been your experience in accessing those?

The focus groups will take place online on **Zoom** on

**Wednesday 7th July 2021 at 11am until 12.30pm (morning) and
Wednesday 7th July 2021 at 7.30pm until 9pm (evening)**

Please choose one focus group to go to. They will both be the same. We are running 2 groups so you can go at the time that suits you best.

To register for a focus group please contact Alex at Inclusion Ireland at admin@inclusionireland.ie or call 01 8559891
