

Inclusion Ireland want to hear from people who have an Intellectual Disability about Assisted Decision Making (Capacity) Act.

Assisted decision making is all about getting support with your decisions.

Some people may need a lot of support and some people may need a little support. We want to include everyone.

We are running an event in the Irish Human Rights and Equality Commission, (IHREC) 16-22 Green St, Rotunda, Dublin 7, D07 CR20

On 13th March 2023

At 11am until 1pm

Click the link below for a video you can watch about decision making before the event

[Views of Persons with an Intellectual Disability about decision making](#)

In smaller groups on the day we want you to tell us

1. Tell us about what decisions are important to you and what support you like to have to make your decisions?
2. Do you know what the law is about?
3. What can the HSE do so you can know more about this law?

To come to the event you please register at this link
